vorable to the plans and projects of the Presiness in a few months and serize the whole glory in his own hands. The far evening Grin Scott for taking a lational view of the work begun, could not be telerated and he was rudely ell bewell and be well and be well and be well and be well as the could not be telerated and he was rudely ell bewell and be well and be well as the could not be telerated and he was rudely ell begun be could not be telerated and he was rudely ell begun begun begun because the could not be telerated and be well as the could not be the could not be the could not be the could not be compared to the could not be the could not be the could not be compared to the could not be could not be the could not be the could not be the could not be

The President and his presses were ready to ridicule the idea of any protricted control -Ninety days were enough to subdue Mexico The war has gone on The people and the

press began to discuss the origin and object of the war, and the plans and measures of the Ex follows ecutive relative to the same The'L co press began to complain at first that any fact or doc Hampden ument coming from Mexico should be published. Carmel in this country. Next, calle a lume attrinpt to establish the position that all who disapproved Next came the President, himself, insultingly char before the country in his at nual message, styling that the discussion of such questions as war, tells the people to hold their tungno about the causes of it. This policy of he P esident, to stop discussion and five speech, is to entorce such obedience and silence as kings enforce up and ability. The policy of the very locus of the T war Conspiration of the Section se, is groing faid and comfort to the enemy such ubschence and since as kings enforce up on thir subjects. The Plesident and the presence of the subjects are thus pursuing a settled policy to stignize as fraitors all, who, however, much they feel disposed to sustain and sightfur their courtry, jet feel compelled to speak fearlessly of the manner of involving the country in the war and the objects of the war—

This system of estuminating those who will not put a padlock upon their lips nor still the feel. atterance of their sentiments, is a direct and

ting and desperate course alluded to

Representatives in Congres will discuss the Representatives in Congres sailt discuss the course of the President and the merits of the course of the President and the merits of the war and the shield of calumny erected by Mr. N. H., while distributing the intal a few days names comprises mostly Germans and Irish, and is for her was and the shield of calumny erected by Mr. A. II, while a stributing the man a few only names comprises most Polk and patched and bolstered up by his parti- since, noticed that a sealed newspaper left rath all from the regulars

When Mr Baker rose, the House and galler see, which had been convused with laughter at Idr Sawver were stilled in o stoneo. He regard ted that the gallant Davis of Mr issippi was not here to receive the congrain quions of firmeds, which he deserved. For himself he expected no honors this swill fortune had left him behind the war. He could not but feel that the grillant areas must be disappointed at the state of, though here. He regretted that Congress should now be engaged in discussions the secience of a mob in Ohio me the majorities by which members of the next Cougress from Ohio were elected.

from Other were elected

He would not discuss any party questions, here Hapolitical associations were with the apple as highes a pumplion.

Whigh, and for good or evil there they will be forever. But he would state a few lasts about the hopes and wants of the army.

He pointed out the vast extent of territory which must be covered by an army not exceeding in all 11500 mm. Did any one suppose that the army sufficient to prosecute this war. So far from our having hitherto weakened Mexico, they have become more national zed—more.

Also Entropy. co, they have become more national zed-more letermined to resist. Nothing we have yet done a sufficient to conv note the Versions that we are ble to conquer them. They feel that what we have the public generally have been given to underthe public generally have been given to underdone down to yet touch their national strength
We have done comparatively nothing yet to
conquer a peace. The President has called out
nine or ten new regiments. The regiments from
